

OMRI Listed®

The following product is OMRI Listed. It may be used in certified organic production or food processing and handling according to the USDA National Organic Program Rule.

Product

Copper Sulfate Crystals

Company

Chem One, Ltd.
Dr. Sue Palmer-Koleman
14140 Westfair East Drive
Houston, TX 77041

Status

Allowed with Restrictions

Category

Copper Sulfate

Issue date

25-Feb-2004

Product number

col-4001

Class

Crop Pest, Weed, and Disease Control

Expiration date

01-Mar-2011

Restrictions

For use as an algicide in aquatic rice systems and for tadpole shrimp control in aquatic rice systems; use is not to exceed one application per field during any 24-month period. Application rates are limited to those which do not increase baseline soil test values for copper over a time frame agreed upon by the producer and accredited certifying agent.

When used for plant disease control must be used in a manner that minimizes accumulation of copper in the soil. May be used as an algicide, insecticide, or disease control if the requirements of 205.206(e) are met, which requires the use of preventative, mechanical, physical, and other pest, weed, and disease management practices.

Executive Director

Product review is conducted according to the policies in the current *OMRI Policy Manual* and based on the standards in the current *OMRI Standards Manual*.

To verify the current status of this or any OMRI Listed product, view the most current version of the *OMRI Products List* at www.omri.org.

OMRI listing is not equivalent to organic certification and is not a product endorsement. It cannot be construed as such.

Final decisions on the acceptability of a product for use in a certified organic system are the responsibility of a USDA accredited certification agent.

It is the operator's responsibility to properly use the product, including following any restrictions.
